SKU: KTS001

EAN: 8445401006350

KEKAI blends experience, design, and warmth in each of its products. Adapting to every space and moment for you to always feel better at home.

Their log simulators help build a relaxing environment on any room. They will be there while you read, share meals with friends or enjoy a nice time around it, adding a nice decorative touch to the area.

The 'UTAH' model is a great option to create an ambience to relax. Especially, if you are looking to complete a decoration inspired in nature and add a warm light to the room.

It doesn't include heat, but its **LED light flame effect** in a natural orange color will make you feel as if you were sitting in front of a small bonfire.

Its design was carefully made to offer a **cozy feeling at home** and matching the room style.

It is a **steel structured** simulator with **resin decoration**. **Works with manual control**.
