EAN: 8445401006442

KEKAI blends experience, design, and warmth in each of its products. Adapting to every space and moment for you to always feel better at home.

Enjoy the best moments on your home's living room with their decorative electric fireplaces. On top of warming the space, they add a relaxing touch as well.

Its 'Bairon' fireplace is also a **wood simulator** with **MDF white coating** and no glass on the front. You will be able to admire the simulator and the illumination it offers while enjoying the warmth that this product adds to the room. It has **two power levels** so you can choose the one you prefer: **1800/2000 W**. Adjust the brightness to any of the three levels it includes. You can do it manually or with the remote control. You are going to be able to experience the benefits of having a real fireplace at home (its decorative use, its lighting, and its warmth) without having to deal with the smoke, the ashes or having to buy wood to turn it on. Complete a warmth and cozy space with this electric fireplace.
