

Touch screen tower 2000w

SKU: KTP2040

EAN: 8445401003731

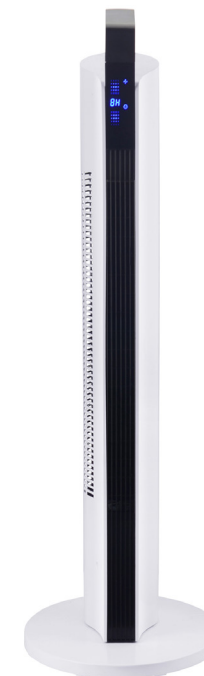

KEKAI blends experience, design, and warmth in each of its products. Adapting to every space and moment for you to always feel better at home.

Its electric heaters are an efficient and practical option to keep a nice temperature on your home's rooms. 'Touch screen tower 2000W' is a high efficiency PTC heater. Easily place it on the floor and adjust its power to any of its two available levels: 1200/2000W.

Set your preferences. It has a remote control with which you can select between its four modes: off/fan/low/high. Set its timer to up to 8 hours or adjust its thermostat, it goes from 10 to 49 °C.

You also have access to the settings through its tactile control panel.

This ceramic tower heater has a LED screen, anti-burn and overheating protection and safety system in case of rollover.
