

Indoor gas stove

New Slim

SKU: KTL500

EAN: 8445401006459

KEKAI blends experience, design, and warmth in each of its products. Adapting to every space and moment for you to always feel better at home.

Enjoy the most special moments on winter's days and nights thanks to their indoor gas heaters, that keep the heat in the atmosphere for longer.

You can easily set it up on any room at home. Its model 'New Slim' is **foldable so you can storage it and has four caster wheels. You will be able to move it without a problem.**

No risks. This stove has a **roll over safety system** that automatically shuts it down if it falls. It also has an **oxygen depletion sensor (ODS) incorporated** that interrupts gas supply if the flame fades out or if the CO2 level is higher than advised.

Keep the warmth for longer. This product includes a **radiant ceramic heating system which allows it to efficiently heat its surroundings and keep the nice temperature for more time after you have turned it off.**

'New Slim' is available on black, an elegant and versatile color that can easily adapt to any decor style at home.
